FARMERS REPORT SOON

Captain Beasley Says That A. and M.
 Will Have Strong Squad
 for 1913.

Preparation of warriors to protect
 the gridiron reputation of the Texas
 Aggies will begin soon at the Agri-
 cultural and Mechanical College train-
 ing camp at New Braunfels, on the
 Comal River. The men will report to
 the camp on September 14 and will
 remain there for a ten days' workout,
 returning to the college on the open-
 ing day of school. Coach Moran, who
 has been playing baseball in the
 Southern States, will return soon and
 will direct the squad of forty men
 scheduled to report at New Braunfels.
 At the close of school in June the
 outlook for an all-Southwestern cham-
 pionship team for the season of 1913
 was not so bright. Captain Beasley
 has returned to the college to get the
 suits and other togery in readiness,
 however, and reports a wealth of new
 material in addition to a number of
 old men. The immortal "Dutch" Hohn
 of Yorktown, captain in 1911, and all-
 Southwestern guard, all-State tackle,
 and all-State end, will return to school
 this session to take work in the
 school of agriculture. He will prob-
 ably make an end.

Tyree Bell, captain of last year's
 all-Southwestern champions and all-
 Southwestern back, will be in school
 again and will prove a mighty gainer
 in end runs.

Another man who will materially
 increase the fighting strength of the
 team is "Hi" Miller, guard of last
 season. He will be used in the line.
 Johnnie Garity of Corsicana, substi-
 tute quarter on last year's squad, will
 return and stands a good chance for
 that position.

Then there is Captain Beasley, all-
 State back and the best man in the
 Southwest when it comes to handling
 the forward pass. Beasley has been
 in the game for a long time and his
 knowledge of the fine points will
 prove a big help to Coach Moran.

"We have a lot of mighty good look-
 ing new material in sight," said Beas-
 ley today. "We have about two can-
 didates for every position and they
 are all men who have been in the
 game all through their high school
 training. We will take about forty
 men to New Braunfels with us and at
 the end of the ten days we will have
 a pretty good idea as to how we are
 going to stack up. Last year's team,
 in the main, was composed of new
 men, and we are hoping this year to
 duplicate our splendid record of last
 year.

"We will have practice work at the
 camp, in handling the ball, punting
 and passing, will do some signal run-
 ning and will spend much time in
 building up the wind and endurance
 of our men. Much time also will be
 devoted to the study of the rules and
 when we break camp to return to
 college every member of the squad
 will have a working knowledge of the
 rules."

The Agricultural and Mechanical
 College opens this year with Trinity
 University of Waxahatchie, at College
 Station, October 11. Next comes Aus-
 tin College of Sherman, that game
 also to be played at College Station,
 the date being October 28. October
 24 the Aggies take on the Polytechnic
 bunch from Fort Worth at College
 Station. The first big game will be
 with Mississippi Agricultural and
 Mechanical College at Dallas on No-
 vember 1. The Texas boys will meet
 the Kansas Aggies at Manhattan,
 Kan., November 7, returning by Still-
 water to meet the Redskin Aggies on
 November 10. The Haskell Indians
 come from Lawrence, Kan., to Col-
 lege Station on November 18, and
 Baylor comes to College Station on
 November 22.

The last game of the season will
 be with the Louisiana State Univer-
 sity at Houston on November 27.

AMERICAN BAR CONVENTION

Montreal, Sept. 1.—Men prominent
 in the judiciary and practice of law
 in two continents are here attending
 the thirty-sixth annual meeting of the
 American Bar Association which be-
 gan today.

Robert L. Borden, Prime Minister
 of Canada, welcomed the delegates at
 the opening meeting. Viscount Hal-
 dane of Cloan, Lord High Chancellor
 of Great Britain, who will be in-
 troduced by the Chief Justice of the
 United States, Edward Douglass
 White, will deliver an address on
 "Higher Nationality: A Study in Law
 and Ethics." Frank B. Kellogg of
 Minnesota, president of the American
 Bar Association, will speak on "Treaty
 Making Power."

"The Tenure of Judges" will form
 the theme of an address by Professor
 Taft tomorrow evening at the Royal
 Victoria College. The morning session
 will be given to the reports of stand-
 ing committees and discussion.

A symposium on the general topic,
 "The Struggle for Simplification of
 Legal Procedure," under three sub-
 topics will occupy the earlier session
 of the meeting on the third day. The
 sub-topics will be treated as follows:
 "Some Causes," by Judge William C.
 Hook of Kansas, Judge of the Federal
 Circuit Court of Appeals, Eighth Cir-
 cuit; "Legal Procedure and Social
 Unrest," by Justice N. Charles Burke
 of Maryland, Associate Justice of the
 Court of Appeals of that State; and
 "The Goal and Its Attainment," by
 William A. Blount of Florida. A dis-
 cussion on the papers will follow.

The annual dinner of the associa-
 tion will be held in the rose room of
 the Windsor Hotel on the evening of
 the third day of the meeting.

In conjunction with the meeting
 there is being held the annual meet-
 ing of the American Institute of Crimi-
 nal Law and Criminology and the
 meeting of the Association of Ameri-
 can Law Schools.

The officers of the association are
 Frank B. Kellogg, president; George
 Whitelock, secretary; and Frederick
 E. Wadhams, treasurer.

DUST STORM SUNDAY.

The man who invented the street
 sprinkler should be tendered a vote
 of thanks by the people of Bryan, for
 the absence of it was keenly felt Sun-
 day by those who were unfortunate
 enough to be on the streets when the
 high south winds struck the city.
 Great clouds of dust, paper, etc., were
 blown up Main street and pedestrians
 were forced to seek shelter until it
 passed.

Villa Maria Academy

ST. URSULA'S HILL BRYAN, TEXAS

A CONVENT HOME FOR LITTLE GIRLS AND YOUNG
 LADIES CONDUCTED BY THE URSULINE SISTERS

The curriculum, discipline and board embrace all those features
 that make it in the truest sense a convent and a home. The aim
 of its teachers is not only to give their pupils that virtuous and
 refined education for which the Ursulines are noted, in both conti-
 nents, but also to make them useful members of any society to
 which their duties in life may destine them. The New Annex
 contains all modern improvements—cistern and city water.

Situated about a mile from town, on an elevation that catches
 all the health-giving breeze from the Gulf of Mexico; surrounded
 by spacious lawns, on which most ample opportunity is given for
 open air recreations that tend to physical development. A well-
 trained mind, a soul refined by virtuous environments and a healthy
 physique are the result of an education in the Convent Home of
 Villa Maria.

Painting, Elocution and Music are given special attention. In
 the latter department the "Virgil Clavier System" is taught by com-
 petent teachers. Terms reasonable, but always in advance.
